

## **CAREER OPPORTUNITY WITH AN INDUSTRY LEADER**

At K-Line, our core values of Safety, Quality, Integrity, Operational Excellence and Customer Satisfaction are the foundation of everything we do. As a premiere high voltage electrical contractor, our mission is to provide exceptional value to our utility and related partners through an unwavering commitment to these K-Line values. Recognized as one of Canada's Best Managed Companies, K-Line continues its quest to be the premiere Canadian owned utilities solutions company. We currently have a supervisory opportunity available:

### **SUPERVISOR—TRANSMISSION**

This is a newly created role at K-Line. The Supervisor – Transmission, oversees the crew's performance during the construction and completion of transmission projects across the province. This position works to identify any issues requiring attention along with their urgency and overall impact of the project and work to resolve with Project Managers and Foremen.

#### **Accountabilities**

- Supervise and coach crews to support the day-to-day construction and completion of transmission projects
- Assist in the approval and purchase of tools and equipment required for transmission projects to ensure necessary tools and equipment are available for the crews.
- Provide on-going industry, trade and system related technical knowledge and expertise to lead crews in transmission project completion
- Develop and oversee master schedules to ensure crew compliment requirements are met. Adjust and modify daily crew schedules to optimize resourcing and identify and implement productivity improvements and measurements
- Approve weekly time & materials timesheets for job costing and payroll purposes.
- Ensure crews work safely and assist with technical expertise on site. Lead safety meetings and participate in incident investigations
- Liaise with internal and external customers and contractors to ensure all electrical and civil construction standards are followed.

#### **Experience and Education**

- Minimum 5 years' supervisory experience in transmission construction and maintenance
- Completion of the Inter Provincial Read Seal Certification is preferred
- Minimum 10 years' experience in the electrical utility industry involved in electrical construction, maintenance, and operations, including transmission experience
- Sound knowledge of and commitment to Health and Safety Legislation and Workplace Safety

## Skills

- Competent leader with strong communication skills
- Ability to read electrical drawings
- Knowledge of Work Protection Codes, Feeder/Operating prints, Overhead, and Work Practices and Standards
- Excellent technical problem solving ability
- Excellent planning, analytical and organizational skills, including the proven ability to adapt to a dynamic and fast-paced environment and managing conflicting priorities
- Unwavering commitment to customer service and health and safety
- Proficient with Microsoft Office

## Company Overview

Celebrating 50 years of Business Excellence in 2017, the K-Line Group of Companies provides complete, one-source solutions for the high voltage and related sectors. Comprised of eight industry-specific divisions, we offer one-source expertise in engineering, design, procurement, construction, commissioning and maintenance of high voltage power delivery systems, including temporary power services, independent laboratory testing and complete fleet repair and refurbishing services. K-Line was established in 1967 and is registered to the ISO 9001 Quality Management Standard and OHSAS 18001 Health and Safety Management Standard.

We have an excellent employee benefits package and deferred profit sharing plan.

*The K-Line Group is an equal opportunity employer. Upon request, accommodation will be provided for persons with disabilities through all stages of the recruitment and selection process.*

*We thank all applicants for their interest in this opportunity. Only those candidates who are selected for an interview will be contacted.*
