Position Location: Stouffville, ON

Company Overview

The K-Line Group of Companies takes responsibility for every phase of a power project, from initial financing and consulting, through to design, construction and on-going maintenance. K-Line is comprised of eight industry-specific divisions that address the engineering, design, procurement, construction, commissioning and maintenance of high voltage power delivery systems. K-Line works with utilities, industrial and commercial customers to deliver one-source power solutions. K-Line was established in 1967 and is registered to the ISO 9001 Quality Management Standard and OHSAS 18001 Health and Safety Management Standard.

The K-Line Group is an equal opportunity employer. Upon request, accommodation will be provided for persons with disabilities through all stages of the recruitment and selection process.

We thank all applicants for their interest in this opportunity. Only those candidates who are selected for an interview will be contacted.
