

CAREER OPPORTUNITY WITH AN INDUSTRY LEADER

At K-Line, our core values of Safety, Quality, Integrity, Operational Excellence and Customer Satisfaction are the foundation of everything we do. As a premiere high voltage electrical contractor, our mission is to provide exceptional value to our utility and related partners through an unwavering commitment to these K-Line values. Proudly awarded Gold Standard as one of Canada's Best Managed Companies, K-Line continues its quest to be the premiere Canadian owned utilities solutions company. We currently have an opportunity available to be based out of Ontario, Saskatchewan, and/or Alberta for the position of:

FOREMAN—TRANSMISSION

Responsibilities

- Effectively oversee and assist in the construction, installation, maintenance, operation, removal and inspection of electrical power transmission with an unwavering commitment to safety
- Provide on-site technical direction and supervision of the day-to-day work plans and activities of field crews, ensuring safety is the number ONE priority
- Ensure effective results for quality of work, service excellence, and completion commitments of the crew through the project life-cycle
- Operate and drive line trucks and associated auxiliary equipment
- Foster teamwork and open communication with crew members, customers and stakeholders

Experience & Education

- Minimum seven (7) years' experience as a Certified Powerline Technician with Inter-Provincial Red Seal Certification or equivalent
- Direct experience in Transmission field
- Experience leading and motivating a team

Skills

- Strong safety focus and commitment
- Demonstrated leader and team player with excellent communication skills
- Physically capable of performing the physical demands of the position and in working in adverse/inclement weather conditions

Position Location: Lethbridge, AB

Company Overview

Celebrating 50 years of Business Excellence in 2017, the K-Line Group of Companies provides complete, one-source solutions for the high voltage and related sectors. Comprised of eight industry-specific divisions, we offer one-source expertise in engineering, design, procurement, construction, commissioning and maintenance of high voltage power delivery systems, including temporary power services, independent laboratory testing and complete fleet repair and refurbishing services. K-Line was established in 1967 and is registered to the ISO 9001 Quality Management Standard and OHSAS 18001 Health and Safety Management Standard.

The K-Line Group is an equal opportunity employer. Upon request, accommodation will be provided for persons with disabilities through all stages of the recruitment and selection process.

We thank all applicants for their interest in this opportunity. Only those candidates who are selected for an interview will be contacted.
