Company Overview

Celebrating 50 years of Business Excellence in 2017, the K-Line Group of Companies provides complete, one-source solutions for the high voltage and related sectors. Comprised of eight industry-specific divisions, we offer one-source expertise in engineering, design, procurement, construction, commissioning and maintenance of high voltage power delivery systems, including temporary power services, independent laboratory testing and complete fleet repair and refurbishing services. K-Line was established in 1967 and is registered to the ISO 9001 Quality Management Standard and OHSAS 18001 Health and Safety Management Standard.

The K-Line Group is an equal opportunity employer. Upon request, accommodation will be provided for persons with disabilities through all stages of the recruitment and selection process.

We thank all applicants for their interest in this opportunity. Only those candidates who are selected for an interview will be contacted.
